Rushden  
Northamptonshire  
NN10 0XL

07976 935 687 (office)  
07970 665 331 (studio)

### Who is this workshop aimed at?

Anyone who simply wants Jill and the FiredGlass studio all to themselves for a day is welcome on this workshop. All experience levels welcome.

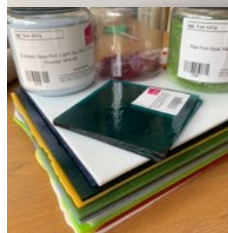

The structure of the day will be created during a pre-workshop discussion.

If you are new to Glass Fusing this is ideal as there are no silly questions and it will just be you and Jill in the studio. With her professional training background, Jill will soon have you fusing like a pro.

### What's included in the workshop?

- Six hours of quality 1 to 1 studio time in the FiredGlass studio
- Pre-workshop discussion to understand what you'd like to cover during your workshop
- Free access to 105 page e-book on setting up a glass studio (worth £18.50) (includes 6 step by step projects)
- Use of all the FiredGlass tools and materials
- Discussions on which kilns, tools, materials to buy
- Tack or full fuse firings plus slumping (if required) for the pieces you produce on the day
- Tea, coffee and biscuits throughout the day, plus a light lunch. Bring a pair of slippers (socks/barefoot) as lunch is taken indoors (we are a 5 star rated catering venue too!)

The pieces that you make on the day will be yours to keep and can either be collected once fired or posted. (There is a £5 charge for P&P).

Price effective from 01/01/2025
